# WOOD DIVISION

**EUROPEAN CHINA INTERNATIONAL GROUP LTD** team has over 17-year experience in woodworking industry and has gained the reputation of strong and reliable partner for the customers. Our business is based on building a channel between the European and Asian markets for supplying wood products, mainly dried coniferous sawn timber (spruce and pine).

We deliver goods to following industry sectors:

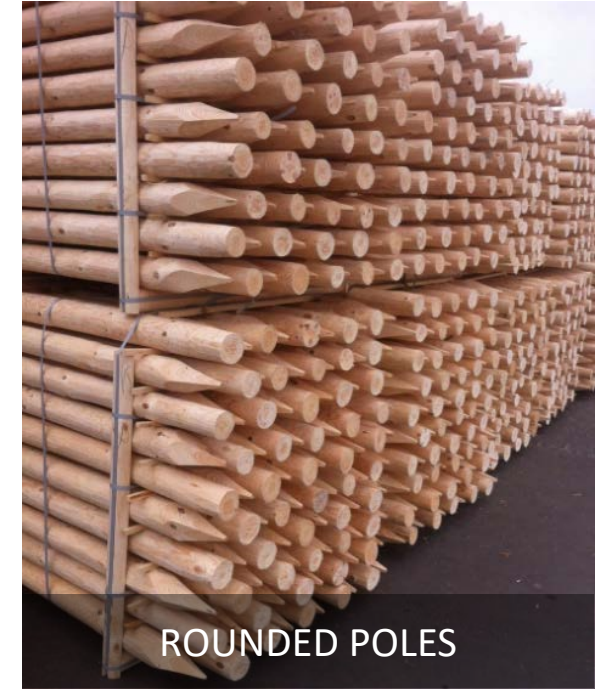

- DIY nets (Do it Yourself), trading yards, importers
- Building and house construction companies
- Furniture factories
- Finished components producers
- Packaging industry
- Glulam traders
- Pallet producers,
- Traders, agents

Through frequent and on-time deliveries **EUROPEAN CHINA INTERNATIONAL GROUP LTD** is the most reliable sales channel for our customers. Our business is based on building a bridge between the East and West Lumber Markets. Loyalty and long-term commitment are cornerstones of our company philosophy – our business is based on long-standing supplier and customer relationships.
